

# I HAVE A DIFFERENCE TO MAKE!

Lyrics by Vadim Kotelnikov

Though everyone has inborn talents,  
Most people let them die unlocked.  
I always swim against this current  
And every day create a lot!

Though many live without a vision,  
My way in life is not to fake.  
I'll bring my big dreams to fruition –  
***I have a difference to make!***

Though many guys have great ideas,  
Unacted on they turn to dust.  
But I don't let mine disappear –  
I work on them and really fast!

Let other guys be safer sailors  
Afraid of making a mistake,  
But I take risks and learn from failures –  
***I have a difference to make!***

To others “winning” means “defeating”,  
To me “Win-Wins” are greater deals.  
While always with myself competing,  
I strive that everybody wins.

Though many preach, “It doesn't matter.  
Don't question it, don't cause a wake”,  
I always strive to make things better –  
***I have a difference to make!***
